GAME ON. GAMBLING: A YOUTH HEALTH ISSUE

1. **a.** Brainstorm costs of gaming and gambling.

- b.** Highlight costs in your brainstorm list above for individuals in one colour and communities in another colour.

2. Fill in the flow chart below.

The image contains three identical flow chart templates, one for each cost category: Direct costs, Indirect costs, and Intangible costs. Each template consists of a top box for the definition, which branches into two boxes below: Individual costs and Community costs. The boxes are connected by dashed lines.
